## Highlights:

- ❖ Long-standing tradition of academic excellence and scholastic achievement – students have received regional, provincial and national awards in math, physics, chemistry, biology, business, literature, music, drama, languages and visual art.
- ❖ Strong tradition of community involvement and social activism, which is demonstrated through fundraising activities during the school year and a super charity week each year
- ❖ Satellite school for Applewood School, which provides a variety of unique programs for students with developmental disabilities
- ❖ Largest Regional Enhanced Learning Centre for gifted students in the Peel District School Board

## More about The Woodlands:

The Woodlands School provides a supportive learning environment for students from Grades 7 to 12. Student curiosity and creativity are encouraged and excellence is promoted. The primary goal of staff is to ensure that all students receive an exceptional educational program that will help them reach their academic and career goals.

The Woodlands School is also a regional centre for the education of 400 gifted students. Teachers in the enhanced learning classrooms understand that gifted students need to be challenged and motivated to become enthusiastic learners. The school's curriculum and teaching styles reflect this belief.

At The Woodlands, participation in extracurricular activities is strongly encouraged. These experiences provide another medium to grow and to learn about personal limits, leadership, teamwork, social skills and problem solving.
